

September 1st 2023

To the honorable Judge Glenn Suddaby,

I'm writing you this letter in regards of early determination. In February 2023, I was advised by you to reapply for early determination in September 2023.

I continue employment at Stone central, in which I held my current position for over 2 ½ years now. At this time, I'm studying to take my CDL's as well as seeking employment at Hillbrook Juvenile Detention Center. I'm looking forward to talking with the young adolescents & sharing the experience I had showing them the life, they're leading in is not the life to live.

Furthermore, I'm focusing on leading a better life for me & my family, especially for my daughters. I'm blessed to have probation back me on my request for early determination. Paul Beandofino is an amazon supporter of me. Please feel free to contact Mr. Beandofino in regards of this request. Thank you for your Consideration.

Sincerely, Jeffery Powell
